Olympia, WA 98516

Dear Jeff,

Challenges of harassment, intimidation and bullying (HIB) continue to impact the safety on school campuses everywhere, including Griffin. School Districts are continually faced with new legislation mandating the process of how to educate, report, and stop harassment intimidation and bullying.

Your “No Bullies Allowed” Assembly held at Griffin School on Friday, March 30<sup>th</sup> was excellent, engaging and will help Griffin School District meet new state requirements. Not only did your assembly assist in the process of educating students about bullying, it also helped students learn a new reporting process, and improved Griffin’s school climate. In addition, your assembly helped continue a culture of dialogue that bullying is “NOT” ok at Griffin School. To be able to take each school’s individual reporting process, or any school specific information, and incorporate it into your assembly, for example, Griffins new HIB Reporting Form is phenomenal. You helped our staff strengthen the implementation of our new reporting process. Griffin kids were learning about bullying, how to report it and how to stop it and they didn’t even realize it.

Thank you for presenting at Griffin School and helping with Griffin’s mission of creating lifelong learners leading productive, health and responsible lives. Quite frankly, your assemblies are “magical” and Griffin will definitely invite you back in the near future as funds allow.

Sincerely,

Kelli Anderson,  
Public Relations/Compliance Coordinator  
Griffin School District #324  
360-866-5908
